Senti is more than a restaurant:
it's a sensory adventure that bridges cultures and palates.

VERMOUTH

Vermouth, a delightful blend of wine and botanicals, first created by Antonio B. Carpano in 18th century Turin, Italy, soon became a beloved part of Italian social life. Experience the Italian flair by savoring vermouth as an aperitivo or with your meal, turning each sip into a celebration of taste and tradition. Whether you take it straight, with a hint of citrus, or in a cocktail, our fun and attentive waitstaff are here to make your vermouth moment special. Cheers to vermouth—Cin-Cin!
