

GROUP DINING

2026/2027

“Easy to use” Organization Pack

Choices made simple

Personalized events

Budget minded

Thank you for your interest in our private dining, group and party facilities.

This pack provides help & ideas on choosing the appropriate room and getting your table plan set up, we will also assist in deciding on the perfect menu and accompanying wine through to making sure that it all falls within your budget, not forgetting lots of ideas on final touches.

You will get your own PA who will help you from the planning to the actual event.

Make a couple of choices, then relax, we'll take care of the rest and make it a party you can be proud of, and designed so that your guests remember it dearly.

What are my options?

Choosing the right menu

Each menu is balanced between Vegetarian, Fish & Meat options. Pick a menu or feel free to “mix & match” from the different menus and even include one of our signature dishes in your choices, we will then price up according to the changes you made.

Once you decided on the menu , let us deal with the guest's choices:

We'll send you a **link**, insert your guest's name and email, *et voila !!!* choices will come directly to us, it's that easy !!!

It's good to note that our menus are available for a minimum of 15 adults, there are other options available if you are less, such as a limited “A la carte”, we can help you with suggestions and bespoke to your requirements.

My budget...

The quotation

Once your basic choices have been made, we aim to offer you, prior to the event, a full breakdown of your cost, this will include an estimation of the drinks consumption, food choices and service charge with no “surprise” on the day.

From then on.... you decide and set the bar at your chosen level !!! we'll stick to it, or we can even let you know discreetly where you stand on the budget during the event.

Confirm your event as soon as possible with a small deposit for peace of mind.

Layout & Plans

Our restaurant managers are the best people to talk to when it comes to choosing the right room and get the table seating that you will be happy with.

Depending on the venue we have rooms with various capacities, small and large and can also cater for total take out.

From farm tables to chalk tables, rich wine influenced décor or total privacy, each venue is unique.

Confused about the table plan?

Ask us about our floor plan which contains our maximum capacity and the various table available.

You know your guest better than us, talk to us for some ideas, a U-shape, L-shape, 1 large table or 2 small ones, a space for the little ones..... we'll help you find the right arrangement.
