

OFF THE GRID

We are an independant restaurant inspired by our trips to Portugal and Spain. We use wood and charcoal to grill our food which gives its unique flavour. All the dishes are cooked to order and served as soon as they are ready, rather than all together.

If you have any food allergies, intolerances or concerns about cross contamination please inform your server before placing your order.

MAINS

We brine our chicken for 24 hours in thyme, rosemary, bay leaf, black pepper and sea salt; then marinate it in fermented birds eye chilli and lime.

We cook it according to our age old Portuguese recipe over hot charcoal.
