### THINGS TO KNOW TO KEEP THINGS FLOWING

The table reservation is for 2 hours and the bottomless is for 90 minutes.

Your 90 minutes starts when you receive your first drink, we will ask for your next round upon delivery of each drink so we can keep you topped up quickly. If you're running late we will give you a grace period of 15 minutes, then your 90 minutes will start. Your Last Drinks order will be taken 10 minutes before your 90 minutes is up to give us time to shake and deliver in time for you to drink up and enjoy the last round. Any rude or inappropriate behaviour towards our team will understandably not be tolerated therefore we reserve the right to end your bottomless brunch early.
