AT THE TAP YARD WE ARE EXTREMELY PASSIONATE ABOUT OUR BEER AND IT IS OUR
MISSION TO CHAMPION THE VERY BEST OF CRAFT ALES!

SIX TANK BEERS FRESH FROM THE BREWERY

Our beer offering has a strong local focus and is constantly changing, this allows our local brewers the opportunity to showcase their very best craft beers here at Tap Yard!

We believe everyone deserves to experience beer at its best, as if it were drunk in the brewery itself and our innovative relationship with our brewing partners allows us to achieve exactly this.

ASK YOUR SERVER OR SEE OUR DISPLAY

Our tank beer is collected directly from the brewery where it is transferred from the brewer's conditioning tanks, into 500 litre vats for transportation, to the Tap Yard and then pumped into our six copper tanks. Enjoy!

FUN FACT - Throughout this process the beer never comes into contact with the air..... the first time it does is when it hits your glass!

PLANET FIRST

By delivering brewery fresh beer, our tank beer system allows us to reduce our carbon footprint - a subject very close to our hearts.

**EACH TANK IS CAPABLE
OF HOLDING 880 PINTS!**
