## Cocktails

## Function Room Hire

Planning your next event?

Our Garden Room & Olive Garden are the perfect space to host your special occasion.

We can provide for 30-80 guests in your private room with its own bar and exclusive use of the Olive Garden, with options for both a sit-down dinner and a more informal buffet.

Our experienced team are here to help you plan your event from start to finish.

Please ask your server for more details.

Our wines are supplied by the family run Peter Watts Wines from just down the road in Coggeshall. They are incredibly selective and specialise in smaller producers and have done so since 1979. We hope you enjoy our selections.

The wines on this list are from smaller family run producers. They have been selected by us with our wine merchant to offer you the customer the best that money can buy. Right through from the wines by the glass to our cellar specials we are confident you will be impressed. Also, they are bottled at source unlike mass produced wines. Cheers to that!

## Bubbles

- |   |                              |
