Be discoverable

ResDiary Now's Discover feature means your restaurant is easily found by nearby diners.

Increase your online presence

Around 65% of the world are now mobile users and diners expect reviews, menus and images. ResDiary Now does all this for you.

Become a favourite

Diners can save their reservations and favourite restaurants, easily returning to them later to make repeat bookings.

Increase your social presence

Guests can share their reservations directly from the app, growing your brand on social media.
